Cost of Medical Examination for Workers Going Through and Not Going Through Onboard Centres

Within **2 weeks** of arrival or 7 days of completing SHN, you must send your newly-arrived workers for **medical examination** by a Singapore-registered doctor, in order to get the [Work Permit](#) or [S Pass](#) issued for your worker.

For workers eligible for the PCP, there are two ways which you can get their medical examination conducted;

1. Workers who are required to go through the [Onboard Centre](#) will complete their medical examination there.
2. Workers who are not required to go through the Onboard Centre will complete their medical examination with the **MOM-appointed Anchor Operator** of the geographical sector that they will live in.

The cost of the Primary Care Plan (PCP) is different for these two groups of workers.

(1) Workers who are required to go through the **Onboard Centre**

As the medical examination was completed at the Onboard Centres, the cost of the medical examination will be **removed** from the PCP price as it has been included as part of Onboard centre fees.

Sector	Anchor Operator	Final PCP price per new worker in the first year (after removing the cost of medical examination)
A	StarMed Specialist Centre Pte Ltd	\$118
B	SATA CommHealth	\$88
C	SATA CommHealth	\$116
D	SATA CommHealth	\$99
E	Fullerton Healthcare Group Pte. Ltd	\$108
F	St Andrew's Mission Hospital	\$84

(2) Workers who are not required to go through the Onboard Centre and will complete their medical examination with the MOM-appointed **Anchor Operator** of the geographical sector that they will live in.

Contact the Anchor Operator directly to conduct the medical examination. The Anchor Operator will **charge you the cost of the medical examination upfront**, and you will pay the remaining amount of the PCP in monthly instalments.
